# TONOPAH DIVIDE CUTS LEDGE ON 800 FOOT LEVEL

## Victory Divide Opens Up High Grade Ore Body on 500 Foot

### VALUES FIRST FOOT RUN TO \$197 PER TON

News of Strike Causes Stock to Advance From Seven to Ten Cents

Victory Divide picked up its ore body on the 500 level Saturday night and a sample from the first foot of the vein returned assays of \$197 per ton, with values carried in the usual ratio of gold and silver. Superintendent Bob Wilson brought a huge chunk of the rock into Tonopah Sunday morning, showing there was no knife-blade seam, and to set at rest any skepticism that might have been created by an unsupported statement.

Manager A. I. D'Arcy has been in a receptive mood for the past week when the cross-cut from the winze reached the point under the former find on the 310 level, and he declared Friday that any shot might bring results of which he was confident. The crosscut was encountered at a distance of 110 feet from the winze which had been sent down 309 feet from the 290 level reached by the shaft. This is approximately 25 feet beyond the strike on the 310 and is in line with expectations of the management, which aimed to pick up the vein on its dip anywhere after the cross-cut had been extended 100 feet from the winze.

News of the strike became known Sunday evening and buying orders for Victory were in evidence this morning on the opening of the San Francisco stock exchange, where the price advanced rapidly on buying pressure from 7 to 10 cents without disclosing any weakness in the buying.

Victory Divide is held by strong interests, in which the Philadelphia group of Tonopah investors is largely interested through Clyde A. Helmer, president of the Tonopah Belmont Development company, and the Jim Butler. The group was located by H. D. King and associates of Tonopah before the Divide boom appeared, and a large percentage of the 1,000,000 issued shares are still retained in Tonopah and Goldfield. After the slump last spring when other Divide properties were forced to suspend operations, the Victory kept going ahead with a fat treasury which at that time was estimated to be around \$45,000 cash and U. S. bonds.

### DENTON MURDER WOMAN DISAPPEARS

(By Associated Press)  
 LOS ANGELES, Cal., Oct. 25.—Mrs. R. Peete, chief witness in the case of Jacob Denton's murder, and the woman about whom the circumstances in the case appeared to revolve, disappeared from her hotel early today.

The district attorney's office admitted it did not know her present whereabouts. Mrs. Peete was served with a subpoena to appear before the grand jury just before she dropped from sight.

### ENGLISH CONFER ON MINE STRIKE

(By Associated Press)  
 LONDON, Oct. 25.—Premier Lloyd George and members of the government this morning conferred with government experts concerning the new set of figures for wages of coal miners and production in the coal industry. Later government leaders and representatives of the miners met and continued the negotiations begun Sunday for settlement of the miners' strike.

### THOMPSON FOR DIST. ATTORNEY

J. G. Thompson, candidate for district attorney, is a graduate of the Santa Clara high school and a graduate of the University of Santa Clara, and has been in the active practice of law in Nye and Esmeralda counties for over 16 years. He was a partner in the law firm of Thompson, Morehouse & Thompson. He has specialized in criminal law and has handled some of the largest litigations in southern Nevada. He was attorney for the Francis-Mohawk Mining & Leasing company, and successfully handled their litigation against the Consolidated Mines company.

He first came to Tonopah in 1904. He has brought into the state of Nevada, for the development of mines and mining property in Nye and Esmeralda counties, over \$1,000,000. At the beginning of the war he was appointed chairman of the Four Minute men of his district, and afterwards gave up the practice of law and donated his services to the government until the armistice was signed. He spoke in behalf of the government through the states of Pennsylvania, New York, Massachusetts and New Jersey, and raised over \$1,767,000 through his personal efforts for the different war loans and for the Red Cross and Salvation Army. Directly after the armistice he was appointed first assistant district attorney of Tulsa, Oklahoma, and while in this position never lost a criminal case that he prosecuted for the state and government. He returned to Tonopah a year ago and is now engaged in the practice of law here.

### TASKER ODDIE FAVORITE IN ELECTION BETS

Tabulation of Counties Gives Republican Nominee Lead of One Thousand

(Special to The Bonanza)

RENO, Nev., Oct. 25.—Sentiment favorable to Tasker L. Oddie throughout the state is rapidly developing, and the wise politicians here who make a practice of betting on the elections are making Oddie a favorite over Henderson for United States senator.

This has been caused by a realization of the people that a senator must be elected to support Warren G. Harding, whose majority for president will be overwhelming.

It is also caused by the defections in the Democratic party by such men as Godfrey of Elko, who is one of the strongest men in Elko county and for many years was one of the leaders of the Democratic party in that county.

A close tabulation of the counties give Oddie a majority of about 1000 votes over Henderson.

Anne Martin, the independent candidate, is expected to take more votes from Henderson than from the Republican nominee on account of her appeal to the radical element.

Oddie's great strength lies among the conservative miners, among the farmers and businessmen, the women voters of the state and all people who are opposed to the league of nations as demanded by President Wilson. Oddie's stand on the league is in perfect harmony with Warren G. Harding.

The following estimates are now given on the probable majorities in each county in the state for United States senator:

Tasker L. Oddie.	
Washoe	1400
Ormsby	200
Lander	50
Eureka	50
Churchill	200
Lyon	100
Mineral	75
Storey	40
Nye	325
Esmeralda	100
Pershing	200
Douglas	250
Total	3000
Charles B. Henderson.	
Elko	600
White Pine	900
Clarke	200
Lincoln	50
Humboldt	250
Total	2000

#### GREEK KING WORSE

(By Associated Press)  
 ATHENS, Greece, Sunday, Oct. 24.—King Alexander's condition has become worse, says a bulletin issued tonight. His heart is seriously affected and he is suffering from suffocation.

### HUNT MURDERERS OF AMERICAN

(By Associated Press)  
 WASHINGTON, D. C., Oct. 25.—M. Sevrey, an American, was murdered in Cananea, Mexico, last Wednesday, the state department has just been advised. The American consul at Nogales has been instructed to request the local authorities there to take all possible measures to apprehend the murderers.

### PEACE TREATY CASE DELAYED

(By Associated Press)  
 WASHINGTON, D. C., Oct. 25.—The supreme court today refused to grant the request of Harry McCarney, a lawyer, that it assume original jurisdiction over his suit brought in the District of Columbia courts to compel Secretary of State Coby to promulgate the peace resolution passed last May by congress. President Wilson vetoed the resolution and it was not passed over his veto.

### STOCK MARKET QUIET TODAY

(By Associated Press)  
 With a quiet market Grass continued to show the lead. On opening sales at 87 the price rose steadily to 1.00, closing at 1.00 bid and sales. Except for some activity in West, at 18 and 19, and Victory at 10, the Divides were firm but quiet. Tonopah Divide sold at 19 1/4. Zone at 38 and Divide Extension at 32. Dividend sold at 6. Encouraging reports from the Victory sent the price from 8 to 10 cents.

Goldfields and Tonopah were quiet. Rescue sold at 18 and West Tonopah at 5.

Broken Hills was unchanged at 14. Consolidated Virginia sold weaker at 5.50.

Total sales for the day, 139,800 shares.

### MEXICAN GUILTY OF CARRYING WEAPON

Clefo Vasquez, a Mexican, today was found guilty on the charge of carrying concealed weapons and was given a fine of \$50 or 25 days on the streets. Vasquez did not have the \$50 and accordingly will work out his fine.

The man is said to have been drunk and to have frightened a colored woman who runs a boarding house in the lower part of the city. Judge Orier took occasion to warn persons carrying guns that there was entirely too much of it going on in Tonopah and that he proposed to inflict heavy sentences on any who are found guilty on this charge before him.

### WILL REORGANIZE NATIONAL GUARD

(By Associated Press)  
 WASHINGTON, D. C., Oct. 25.—Immediate reorganization of the national guard is deemed advisable, said an announcement today by the war department.

### IRISH MAYOR DIES ON 74TH DAY OF STRIKE

Terence MacSwiney Passes Away Early This Morning With Brother Present

(By Associated Press)

LONDON, Oct. 25.—Terence MacSwiney, lord mayor of Cork, died at Brixton prison, in this city, at 5:40 this morning. His death occurred on the seventy-fourth day of his hunger strike, which eclipsed any in the annals of the medical world. MacSwiney, who had been unconscious for 36 hours, did not recover his faculties before he died.

Father Dominic, his private chaplain, and his brother, John MacSwiney, were with him when the end came. John MacSwiney and the chaplain, who had been waiting downstairs, were told by the prison officials at 4:35 that they should go to the mayor's bedside, as death seemed to be approaching. The brother asked the privilege of communicating with other relatives who were not present, but the officials, it was said, refused him the use of the telephone.

After the prisoner's death his brother and the chaplain were not permitted to leave Brixton prison until 6:15. John MacSwiney immediately conveyed word to the widow of the lord mayor. Mrs. MacSwiney, accompanied by her parents and the Misses Annie and Mary MacSwiney, arrived at the prison at 9:30 o'clock.

It is probable that an inquest will be held at the prison today, after which the body will be turned over to relatives. The burial will be in Ireland.

The death of MacSwiney was the first of an Irish hunger striker in England. It became evident several days ago that MacSwiney was nearing his end. Up to that time he had steadfastly refused nourishment, although tempting dishes were brought to his bedside daily by the authorities.

Both the authorities and the lord mayor's relatives emphatically stated they had not administered food to the prisoner, notwithstanding rumors to the contrary. At last, after the mayor had become periodically delirious, officials began to give him liquid nourishment. This came too late, however, as the mayor had been all but dead many days.

### BREWSTER ADAMS TO SPEAK FRIDAY

Word has been given out by the Republican central committee that Brewster Adams, of Reno, and Arthur Brouillet, of Washington, will speak at the Airside Friday evening. Brewster Adams is too well known in Nevada to need any introduction, and Mr. Brouillet comes with a reputation of being a wonderful orator. They will speak on the issues of the campaign.

### BOMB DESTROYS RAILMAN'S HOME

(By Associated Press)  
 SEATTLE, Wash., Oct. 25.—The explosion of a bomb thrown through the front window of the home occupied by F. Shong, general claim agent here of the Chicago, Milwaukee & St. Paul railroad, wrecked the lower floor of the two-story residence early today. Four persons in the house escaped without injury. Shong was unable to assign any reason for the attack.

### MINE EMPLOYEE CRUSHED BY CAR

John Dacherl, a man employed as powder monkey in the Belmont mine, was instantly killed this morning when he was crushed between a car and the mine wall in a crosscut on the 1000-foot level across from the powder magazine. The motor with eight cars had gone up the track shortly before and Dacherl had run his truck carrying powder onto the switch, leaving the switch open. When the motor pushing the eight empty cars returned, the end car ran in on the switch, crushing Dacherl against the wall. Death was instantaneous, according to the testimony of the doctors at the inquest which is being held this afternoon.

Dacherl had been in the employ of the company since October 2 and has been employed as powder monkey for the past 10 days. He formerly was employed by the Belmont company for about four and one-half months, and was 66 years of age. He was single and had no relatives, giving the name of John Uth, Halley, Idaho, to be notified in case of accident.

### MOTHER OF MRS. MAYBERRY DIES

Last evening Mrs. James Mayberry received the sad message that her mother, Mrs. E. O. Hornlein, had passed away at Oakland, where she had been residing with her daughter. The deceased lady was 84 years of age and was well known in Tonopah and Reno, where she had made many visits to her daughters in the past 10 years. Her death will be keenly felt by all of her acquaintances. Mrs. Hornlein was born in Germany and came to the Pacific coast with her husband shortly after the Central Pacific began carrying passengers to Sacramento. On their arrival in that city the couple went to Woodland, where they established themselves in business, the husband dying there several years ago.

The funeral will take place at Woodland where the remains will be interred beside her husband on Wednesday. Nine children survive her. They are Max and Will Hornlein, of Sacramento; Hugo and Albert, of

### STRIKE MADE PROVES DEPTH OF ORE BODY

Formation is Similar to That Found in Crosscut on 585 Foot Level

Tonopah Divide has crosscut the vein on the 500 level. Entrance was effected Saturday night, and since then the crosscut has been well advanced. The report was confirmed at the headquarters of the company but no additional information was given out owing to the conservative policy of the company not to issue any statements until every detail is ascertained in due course of time through the engineering department. The fact that the vein had been cut and that the news had been officially endorsed sent a thrill of gratification vibrating over the camp.

It was not until late in the morning that the news became generally known. And the announcement was not reflected in the market, which remained firm on the theory that a strike on either the 800 or 1000 levels was due almost any day. It is probable that the vein will have to be drilled on to bring out the substantial values the same as on the upper levels, but there is not the slightest misgiving about what will be found, as the formation appearing and inside the ledge is identical with what was found on the 585 level, commonly known as the fifth level, where the last lateral work was done before dropping the shaft to the 1000-foot point. This is assurance that physical conditions will be the same as work progress and no untoward development of fracturing is anticipated in view of the solidity of the wall and the character of the ledge material.

Both the 800 and 1000 crosscuts were sent out at an oblique line from the shaft, trending slightly to the southeast instead of being in at right angles, which had been done in the upper workings. The reason for deviating from a straight line was to save distance and avoid drifting at right angles on the vein after cutting the formation. By cutting in a diagonal direction Superintendent Waters figured that he would reach his objective and get values quicker than if he pursued the same policy that directed the work on the 650 level. According to reports, the formation on the 800 is softer than on the 1000, which accounts for the more rapid progress made, although, allowing for the dip of the vein, it was estimated that the 1000 crosscut would have to be driven a little further.

San Francisco, and Otto, of Gilroy; Mrs. A. Bonhe, Oakland; Mrs. A. M. Britt and Mrs. A. Rhude, San Francisco, and Mrs. Mayberry, of Tonopah. Mrs. Mayberry departed on this morning's train for Oakland where she will be joined by the surviving children and will accompany the remains to Woodland.

THIS SPACE HAS BEEN PURCHASED BY THE FRIENDS OF TASKER L. ODDIE

Senator Pittman recently stated "Now what is the objection to our entering the league of nations? The only thing sincerely urged against it is article 10." He did not go further and state that President Wilson told the Foreign Relations Committee of the Senate "Article 10 seems to me to constitute the very backbone of the whole Covenant. Without it the league would be hardly more than an influential debating society."

And this is article 10: "The members of the league undertake to respect and preserve as against external aggression the territorial integrity and existing political independence of all Members of the League. In case of any such aggression or in case of any threat or danger of such aggression the Council shall advise upon the means by which this obligation shall be fulfilled."

Doesn't the above article 10 bind absolutely the members of the league to act in case of any aggression or threatened aggression. Aggression against one member of the League is against all. War against one is war against all.

The Senator said however that "Under the constitution congress alone is granted the power to declare war and send our soldiers abroad." True. And that is just what the Lodge reservation concerning article 10 provides. Here it is: "The United States assumes no obligation to preserve the territorial integrity or political independence of any other country by the employment of its military or naval forces—unless in any particular case the Congress, which, under the Constitution, has the sole power to declare war or authorize the employment of military or naval forces of the United States, shall, in the exercise of full liberty of action, by act or joint resolution so provide."

President Wilson rejected that reservation on the ground that it would "take the teeth out of article 10." Governor Cox has also refused to accept it. Why then have they refused to accept the reservation which puts down in black and white what they say Article 10 means, on the ground that Article 10 would be worth nothing, would have no force, with that reservation attached?

Which means that in case of aggression of any member of the League, Congress would be compelled to declare war or this country be guilty of national dishonor. Senator Harding says we would be a waverer if Congress did not. He does not propose that we be a waverer. He demands that we stay out of the League and our national independence preserved. SO DOES TASKER L. ODDIE.

Vote for ODDIE to help President Harding
